

Hanger Extreme Slide

DYNEEMA RING OPTION

Our lightest and strongest rings can replace stainless, reduce weight, and are kinder to paintwork.

ULTRA SLICK VINYL

Eliminates coversheet which reduces weight, pack size, and areas that could trap water and cause mould.

RAPIDFLATE™

Patented Rapidflate inflates and deflates our slides 6x faster than traditional methods.

INTEGRATED WATER DISTRIBUTION

Provides continuous water to keep the slide fast and wet via a simple water hose connection.

INCREASE THE FUN

Ask about the optional Kicker Ramp

Designed for yachts that want maximum excitement. The Hanger Extreme delivers bold, high-speed thrills in a 7-11m format, with clever design features that keep setup and handling straightforward for crew.

MATERIAL SPECS

Commercial grade 1000 denier PVC with FR and UV ratings, 316 stainless steel, reinforced crew-lifting handles, crane straps, non-slip material on steps.
