

# Hanger Mini Slide

## COMPACT DESIGN

Enables easier storage and handling by 2 people.  
Offers a simple way to pack and store when space is limited.

## INTEGRATED WATER DISTRIBUTION

Provides continuous water to keep the slide fast and wet via a simple water hose connection.

## ULTRA SLICK VINYL

Eliminates coversheet which reduces weight, pack size, and areas that could trap water and cause mould.

## DYNEEMA RING OPTION

Our lightest and strongest rings can replace stainless, reduce weight, and are kinder to paintwork.

## INCREASE THE FUN

Ask about the optional Kicker Ramp.

Designed for yachts up to 30m. The Hanger Mini delivers big-slide thrills in a compact format, giving guests an exciting ride into the sea while staying easy to deploy, store, and manage onboard.
